Message From the President:

Hello Classic Corvair of River City Members:

The Autorama participation was excellent. Thanks to all who showed their vehicles at the event and volunteered their time. Dean James has volunteered to take over the role and task of Webmaster for the club. Let's all give him the support he needs to make it pop on the internet.

The topic of the new meeting venue was discussed again at the officers meeting on 5/10/23. Brookfield's location was great, parking was great, food great, but the noise inside was too loud to work for a meeting. The Spaghetti Factory at the corner of Hazel and Folsom has been suggested and tried by many members. We will discuss this location at the next monthly meeting.

The June picnic at my ranch is in the works, but not all has been finalized at the time of the newsletters printing. John will send out an email blitz when all the particulars are set in stone. We are attempting to get it catered, with chairs and tables provided. I'm hoping for a good turnout. Most probable date is June 17th with alternative date of June 10th. The date of June 10th is alternative due to being such a popular day for graduation events with many family and friends.

Til next newsletter,

Drive Life Safely
 Jim Brown

CCRC had 17 Corvairs in this year's 2023 Autorama!

Classic Corvairs of River City had a very successful entry and display at this years Autorama with a fantastic turnout of 17 Corvairs. Thank you to our CCRC members that entered their Corvairs for the public to see and ask questions about. Additionally, thank you to all the members that were there to help set up and break down the display for the club.

The reaction from the public was awesome as we had someone at the cub information table answering inquiries and providing information. Additionally, we had a Corvair motor displayed as a visual aid in order to amaze and explain how that belt stays on.
